THE CHARLEROI MAIL

VOL. XX—NO 17.

CHARLEROI, WASHINGTON COUNTY, PENNSYLVANIA, TUESDAY, JUNE 24, 1919

TWO CENTS

TROLLEY FARE TO PITTSBURGH WILL BE INCREASED AUGUST 1ST.

Advance Made Necessary
By Increased Expense
Receivers Say

CASH FARE 10C EACH ZONE

In all probability it will cost the people of Charleroi and vicinity from 75 cents to \$1.00, plus war tax, to travel by trolley to and from Pittsburgh. The receivers of the Pittsburgh Railways Company, of which the Pittsburgh & Charleroi line is a constituent part, have given public notice that on and after August first the rate of fare will be advanced. On all cash fares it will be 10 cents in zones where heretofore it cost but 7 cents; or if a patron buys tickets it will cost 7 1-2 cents. Thus if a person travels to Pittsburgh from Charleroi they can present tickets, which will represent a value of 75 cents, which with the war tax will make the fare about 80 cents; or if cash fare is presented it will cost \$1.00 plus war tax or \$1.05.

The receivers in making this announcement to the public say the increase is absolutely necessary in order to provide revenue essential to running the various lines, keep them in proper repair and pay to the bond and stockholders a fair return on the money invested. The receivers make the statement that since they have been in possession of the lines it has been impossible to pay one cent in the way of dividends to stockholders or pay anything on the interest due on bonds. Moreover, they specifically state that not one cent of the increase will go toward any increase of wages that may be given to the employees of the company.

Under the law it is necessary to give 30 days' public notice before any change can be made in the rate of fare, and the necessary application made to the Public Service Commission. It is presumed that the necessary permission will be granted and at that time specified the advance in rates will take place. It will mean quite a difference to passengers from this section of the valley, who prior to the war were accustomed to go to Pittsburgh for a 50-cent fare.

HEAVY FINES FOR ILLEGAL LIQUOR SELLING

Three thousand one hundred dollars were paid in fines to the county on Monday, through Parole Officer F. M. Mitchell, upon the granting by the court of paroles to a number of illegal liquor sellers, who were caught recent yin raids by County Detective Marker.

Among the Western Pennsylvanians who were commissioned as notaries public on Saturday last by Governor Spruill was Miss Elizabeth K. Fitzgerald of Charleroi.

WILL RESUME PRACTICE IN CHARLEROI

Dr. M. D. Greenfield, has returned to Charleroi after about a year's service with the American Expeditionary forces in France. Dr. Greenfield has resumed his practice at his offices in the Micht building.

FOR SALE—Ivory reed baby carriage, also two wheel stroller. Bell phone 105-M. 17-42

SALE OF TICKETS FOR CHAUTAUQUA

The sale of Chautauqua tickets by the local committee and which will end at 5:30 o'clock this evening, promises to be a success. The contest among the young ladies who are selling the tickets has assumed a very interesting phase, and the winners will not be known until after the final count is made. This morning, Bradley, 102 adult tickets, 11 youths; Miss Orange 83 adults and 5 youths; Miss Bosson 65 adults and 5 youths; Miss Heuple 48 adults and 4 youths; Miss Shippe 25 adults and 2 youths; Miss Barth 14 adults and two youths. This makes a total of 351 adults and 31 youths' tickets. It will be necessary to sell the equivalent of 450 tickets in order to meet the obligation assumed by the twenty-eight guarantors who have assumed the responsibility of making the Chautauqua a financial success. It is predicted the young ladies selling tickets will reach that number before the contest ends.

CONCRETE ROAD IS NEAR COMPLETION

The Pitt Construction company, contractors in charge of the new concrete road leading from Vestaburg to the lower end of Fredericktown, are now making good time with the work and in a few weeks the road will be finished and thrown open for public travel.

The work is practically done from the Vestaburg station to the Fishpot bridge, and forms were laid last week from the bridge to the culvert at the Chester property. These forms are about 1200 feet long and concrete is being laid at the rate of about 250 feet daily. There is yet to be some grading near the Chester property but this will likely be finished this week.

The road is 5,000 feet long and covers a part of the most thickly traveled highways in Washington county. It is an expensive piece of road, made so by concrete retaining walls about 700 feet long. The cost is being met by the township, state and county.

Chautauqua Was Formally Opened This Afternoon

Charleroi's Lincoln Chautauqua opened formally this afternoon with the Ionian Serenaders as the chief attraction. They gave an entertainment that pleased greatly, and as they are on again for the evening entertainment Chautauqua goers may be assured of another excellent concert. Supt. J. H. Zanten was in charge of the program and will be with us all week. Mr. Batten will deliver an address this evening on the subject, "The Pathfinder of Democracy." This address will interest and inspire.

The Warwick male quartet will be here Wednesday afternoon and evening, and will give another entertainment that will please. Prof. Dickason, one of the leading educators of the country will be the speaker of the day. For good old homely philosophy and hard practical sense, Mr. Dickason has no peer. You cannot afford to miss the sessions tomorrow.

Four hundred kiddies met at the

Road To Bentleyville Completed This Summer

County Commissioner John O. Watson stated this morning that the road leading from Charleroi to Bentleyville, up Maple creek, would be completed to the top of the hill near the latter town, before the end of the year. The Donora Construction company is now at work on the road, and will have it completed to the watering trough beyond Oakland Park within a very short time. This is about half the distance to Bentleyville and arrangements are now under way to have the road completed all the way before the construction company leaves the job. While this will mean the closing of the road for several weeks, yet the traveling public will be willing to put up with this temporary annoyance in order to get a permanent roadway. This is a state highway

and after the improvement is completed the state will assume charge and maintain it. Other stretches of roadway that the commissioners expect to have completed this year are near Burgettstown and Langloth and also the West Middletown road. As to the Finleyville-Library road, the commissioners are completing some work on this highway, but it is not likely it must be permanently improved before the state will take it over. The State Highway engineer for Washington county, Mr. Myers, will accompany the commissioners on a tour of inspection on Wednesday to look over certain roads, with a view of getting a line on the situation and explaining just what the county will have to do in order to have highways taken over by the state.

SEEKING RECRUITS FOR THE MARINE CORPS

Sergeant J. F. Mapes and Private Brennan, United States Marines, from the Pitsburg recruiting station, were in Charleroi today noon, on an advertising tour through the Monongahela valley, for the purpose of stimulating enlistments in the Marine Corps. Both men were distributing small booklets as well as a fine poster, together with blotters all of which called specific attention to the Devil Dogs or he Soldiers of the Sea.

They are drinking hair tonic at fifteen cents a throw down in Porto Rico. That must be one of those drinks of which people are always saying, "Even a little goes right to my head!"

WANTED—I want to rent a house in Charleroi, four, five or six rooms. If you have one, or know of one, notify 27 Mail office.

IMPROVEMENT AT BELLE VERNON FACTORY

Extensive improvements are contemplated by the Belle Vernon plant of the American Window Glass company. The new gas producers are about completed, while a number of new flattening ovens are to be constructed. A new cutting room will also be constructed, as well as a blacksmith shop, all of which will increase the capacity as well as the efficiency of the plant, which is now one of the best producing units owned by the American Window Glass company.

The first military post of American women, composed of yeowomen from the Brooklyn Navy Yard has chosen the name of Edith Cavell for their title. Her soul goes marching on.

When in need of high class commercial printing, leave your order with us. Satisfaction guaranteed.

STATE SUPREME COURT UPHOLDS DECISION OF THE "MOVIE" CENSORS

NEW FIRM TAKES OVER ESTABLISHED BUSINESS

The firm of Schmeier and Kimmins has purchased the shoe store of C. R. Newcomer on Fifth street, and will conduct this well known stand in the future. Both Mr. Schmeier and Mr. Kimmins are experienced shoe salesmen and Mr. Kimmins is a graduate foot specialist.

MOTHERS' RECEPTION IS HELD BY GUILD

The Westminster Guild of the Washington Avenue Presbyterian church held their annual Mothers' reception Monday evening in the Sunday school room of the church, and the evening was one of the most enjoyable the Guild has had in years. Not only was there a good program, but twelve new members were received. The room was tastefully decorated and the mothers were given seats of honor in the center space. On one side of the room sat the young ladies to be initiated, while on the other side were the Guild members. Miss Bess Richey, the president, presided and propounded the questions, while the program was in charge of Miss Elizabeth Elliott. Miss Robina Gunderman contributed a piano solo, Mrs. Blackburn a reading and Miss Emma Clutter sang a solo; then following members gave a "Mission Play" depicting a medical missionary and her work in oriental lands: Miss Helen Fleming, Miss Nellie Ryland, Miss Bella Geho, Miss Grace Gelder, Mrs. John H. Clutter, Mrs. Gray Gant, Miss Genevieve Nutt and Miss Freda Whitehead. The parts were well taken, Miss Ryland being the M. D., and Miss Fleming her nurse. The large number then present formed in a circle around the room and a pleasing social hour followed the program.

GOOD ROADS EXECUTIVE COMMITTEE TO MEET

The executive committee of the Washington County Good Roads Association will hold a meeting Thursday afternoon at 3 o'clock, in the public meeting room of the court house. Several important business matters will be taken up, following the successful issue of the campaign recently waged by the association for better roads matters which have to do with the campaign and others which have arisen since.

Ice Cream Social at St. Mary's Episcopal Church Wednesday evening at 8 p. m. on church grounds. Musical program, Artists, Miss Ethel Barth, Rev. T. D. Rees and others. Crawford Orchestra will play all evening. Refreshments served. Adults 25c. Children 15c. 17-2p

Friends of Mrs. Niver Will Be Pleased to Know of Decision

FINE VICTORY FOR MORALITY

The many Charleroi friends of Mrs. E. C. Niver a member of the State Board of Censors of moving pictures will be interested in a decision handed down on Saturday last by the Pennsylvania State Supreme court, in which the principles of censorship of motion pictures by the censor board and the right of the censors to ban immoral pictures were upheld. The decision is regarded as one of the most important ever rendered in the state affecting the motion picture industry.

The case, while specifically dealing with one motion picture, sets up a new standard in the question of censorship and marks a victory for the state administration, in that Attorney General Schaffer won every point in the appeal carried to the supreme court in behalf of the censors. The power vested in the board of censors under legislative enactment were absolutely sustained.

The vital opinion handed down by Justice Stewart of the supreme court, sustained the board of censors in the exercise of its discretion in refusing to approve the motion picture production of the Goldwyn Distributing Company entitled "The Brand." It reversed the ruling of Judges Rogers and Wessel of common pleas court No. 2 of Philadelphia, and annulled the order of that court upon the board of censors to approve the motion pictures, as modified by the eliminations created.

That members of the lower courts approve the motion pictures, as modified by the eliminations created. That members of the lower courts take part in private views of motion pictures was one of the statements of Justice Stewart. He declares private showing of pictures for the benefit of the court removes the judges from the inquiry into the one single issue—that of alleged abuse of discretion of the board of censors. The statement was called forth by the fact that "The Brand" was shown in the court over which Judges Rogers and Wessel presided.

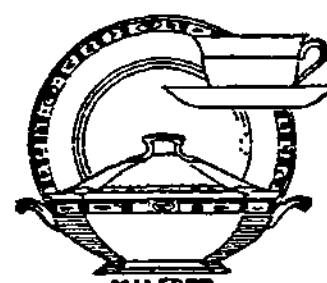

That power given the board of censors to uphold the common standards of morality must be kept intact without interference from arbitrary acts of the courts is also the opinion of Justice Stewart.

The board of censors refused to allow public exhibitions of the photograph which runs into many reels, on the ground that it tended to "debase and corrupt morals." In taking the appeal to common pleas court the motion picture corporation declared the board of censors were guilty of "arbitrary and oppressive abuse of discretion in disapproving the said films."

THE COST OF DYING

It develops that the cost of dying has kept pace with the cost of living, and even outdistanced it. An inquiry in New York City shows that even a "modest" funeral may cost nearly \$1,000. When an elaborate funeral costs is not revealed. Burial expenses in general are 50 to 100 per cent higher than before the war. The same situation would probably be found in almost any city.

Undertakers, while referring to the increased cost of nearly everything that enters into a funeral, lay emphasis on two factors; first, the "casket must," which they say charges exorbitant prices for its product, and second, the "vanity" of the contracting parties.

The exactions of the "casket" referred to a re said to be facilitated by an actual shortage of caskets, due to lack of materials and the abnormal demand caused by influenza deaths. The casket-makers charge all the traffic will bear; and the traffic, in this case, is of such an unusual character, and the question of price and quality involves so much family pride and sensitiveness, that it is no wonder prices soar.

Stier "vanity," no doubt, often enters into the matter. But in general, it is rather a natural desire to do honor to the dead, and an indisposition to haggle over sordid details in a time of sorrow, that makes the ordinary funeral elaborate, and mostly out of all proportion to the resources of those who pay for it. It is recognized that it would be a blessing if a more modest standard could be established, but that is a difficult matter.

There is one way out. Cremation, though it has risen 150 per cent, is still amazingly cheap compared with interment. Preliminary ceremonies, of course, may cost almost any amount, but no casket is required and the actual cremation in New York, and some other cities is said to be only \$25. That fact, added to the various practical arguments against the old method, is likely to increase the popularity of cremation.

DECENT MOVIES FOR GERMANY

Some Germans are highly indignant over the discovery that a contract has been made with an American film company calling for the importation into Germany of \$5,000,000 worth of Yankee films a year.

The indignation, however, seems to emanate mostly from the German film interests. They insist that Germany ought to be exporting films instead of importing them. The German press is said to show little enthusiasm for their point of view. The German paper tells the blunt truth about the matter, explaining that "German films have become unsalable anywhere outside of Germany, because of their unspeakable filthiness." Another paper corroborates this, saying that "under the pretense of enlightening the public, the German film-producers cater to the most debased human instincts."

All this is true enough, as anyone familiar with Germany knows. It is the same trait that has long been familiar in other forms of German art. Anyone who has ever looked over a copy of such representative German publications as "Simple Life," "Jugend," and "Meggendorfer Blätter" will recognize the family likeness of these smutty movies which even a hardened German press cannot approve.

Germany is therefore to be congratulated on the importation of American films. The clean, wholesome movies to which the American public is accustomed will be a revelation to the German public and would be well worth while for the sake of German morals even if they had to be paid for out of the public treasury.

An Ohio court decides that members of a certain religious sect need not salute the American flag. No for the discovery of some sect that conscientiously objects to paying taxes and obeying the laws on the subject of life and property?

"Horse Sense" Economy

Business men who carefully select a \$4,000 truck are "saving at the spigot and wasting at the bung hole" if they shoe it with so-called "inexpensive" tire equipment.

The "inexpensive" tire invariably develops into the most flagrant extravagance—as repair bills for broken mechanism will substantiate.

Quality insists on its own level.

That's why makers of trucks of high first cost—and low ultimate cost—either equip with or advise the equipment of their trucks with GOODRICH DE LUXE Truck Tires.

Because DE LUXE Tires conserve the "power plant" and load—and thus widen the truck range of service and economy.

Burly and slow-wearing, resilient and lively—they are the right complement to the high-priced truck, and a safeguard to the vehicle of lower first cost.

We sell and apply De Luxe Tires

COAL SHORTAGE ON WAY; GOVT. SAYS BUY NOW

May Be Repetition of 1917-18 Conditions Next Winter Says Geological Survey.

MINES IDLE WITHOUT ORDERS.

Those Who Delay Ordering Longer May Not Get Their Fuel Later On.

The United States Geological Survey announces from Washington, the probability of another general coal shortage next fall and winter. The announcement is based, the Survey states, upon a nation-wide study of conditions in the bituminous field. Unless steps are taken at once, the Survey says, to place the mines upon a basis of increased production there is every prospect of a repetition to some degree of the situation that prevailed in the United States during the winter of 1917-18.

The only way production can be stimulated at the present time, it is said, is by placing orders with the mines for coal which will be needed later on. "Production during the first five months of the year," reads the statement, "fell 57,202,000 net tons, or approximately 25% below production during the first five months of 1918. Mines are producing coal now at the rate of from 8,000,000 to 8,500,000 tons a week. An average output of 10,700,000 tons a week must be maintained from June 1 to January 1 next if the country's estimated needs of 500,000,000 tons this year are to be met."

Evil of Delayed Orders.
At no time during this year has the rate of production approached the required tonnage. The tendency on the part of buyers to hold off placing their orders is limiting production, as the mines cannot store coal at the point of production, and when the rush of orders for the winter's needs comes next fall there is grave danger that the mines, with depleted labor forces and the probability of less adequate transportation, will be unable to meet the demands. The result of such a situation would be an insufficient supply for the requirements of domestic consumers, public utilities and industrial users generally.

"It is believed that requirements for this year," reads a Survey statement to Fuel Administrator Garfield, "will be about 530,000,000 tons of bituminous coal, of which approximately 30,000,000 tons have been used from stocks accumulated last year, leaving 500,000,000 tons to be produced. Of this 500,000,000 tons 175,000,000 tons were produced during the first five months, leaving 325,000,000 tons to be produced in the remaining 30 weeks, or an average of 10,700,000 tons a week."
"Thus far this year production has been at the rate of 8,200,000 tons a week. In 1918 production was at the rate of 11,300,000 tons a week."
"This production will be difficult of accomplishment. The capacity of operating mines at the present time with labor now on the payroll is about 10% lower than it was last year. This deficiency may be made up in part or wholly if the mines have orders sufficient to run them five or six days a week unless the threatened exodus of foreign-born labor occurs."

May Be Car Shortage.

"Present wage agreements between operators and miners expire" with the proclamation of peace by the President. A suspension of mining operations while a new wage agreement is being negotiated would, of course, seriously interfere with the production of coal and if it should occur during the fall would cause a panic among buyers and consumers of coal.

There is no use in gambling upon this or any other contingency, fuel administration officials say. The firm or individual who wants to be sure of an adequate coal supply next winter can be certain by buying coal now. There is no other way such assurance can be obtained. Transportation also promises to be a limiting factor if the food tide of demand comes at a time when the country's record crops are being carried. In some districts it would appear certain that, notwithstanding the utmost endeavors of the Railroad Administration and the utilization of its experience last fall, car shortage will be a cause limiting bituminous coal production, and for that reason it is problematical whether the expected production of 500,000,000 tons can be attained this year.

Shortage of labor already is a factor that is cutting down the output in some coal producing sections, according to the Survey's report. The operators' report that from 38,000 to 40,000 foreign-born miners expect to return to Europe as soon as they can get passports and that many have already returned. If continued this movement will be capable of producing but one result—a reduction of the amount of coal mined in districts where the mine labor is largely foreign-born, and there are many such districts.

He who needs coal should hesitate no longer. Now is the time to buy coal.

300,000 Maxwells; they grow better as their numbers multiply

LIKE an artist who paints a picture, or a man in business, the Maxwell improves with each day's output.

Gradual, almost invisible to the man at the forge or in the accounting office but certain as the rising of the sun, there's an improvement well nigh daily.

There have been five years of making this Maxwell better and better, and the basic design has never changed once in that time.

At one time the Maxwell was known only as a hill-climber. Again it gained attention through its work in rough country. Then it earned a reputation on economy. But gradually it became better and better spoken of for its enduring, everlasting reliability.

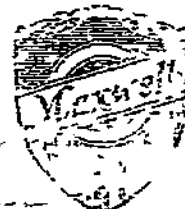

That kind of reliability that doesn't burn your pocketbook with repair bills, that knows no task too difficult, that never complains of old age, that gives you about as much trouble as a pair of shoes, that travels on a very small gas appetite.

300,000 of them are in use throughout the world.

In those sections of the world where few cars make good, there you will find the Maxwell—often the dominating car.

The 300,000th Maxwell is the same basic car as Maxwell No. 1. No changes in design—but many improvements.

There's no doubt it's a better car today. Nearly 300,000 of one model has its obvious effects.

More miles per gallon

AGONY WRITTEN ON FACES

Dyspepsia Pains Hard to Hide

Sufferers from dyspepsia and indigestion find it hard to keep the agony from showing in their faces.

Deep lines of pain are often seen on faces that should still look youthful. And all because the bowels and stomach have been so badly mistreated. One BA-HA-NI each evening soon convinces the most skeptical. BA-HA-NI soon puts to rout dyspepsia and similar distresses and so easily that it's hard to realize you are

taking anything. Get a 25c or 50c box today and make BA-HA-NI free you from such miseries. No after effects but good strong bowels and rich blood! Sold by Hennings Drug Store and leading druggists everywhere.

Advertise that vacant room in the classified columns of the Mail.

MAZOLA

The Perfect oil for Cooking and Salads

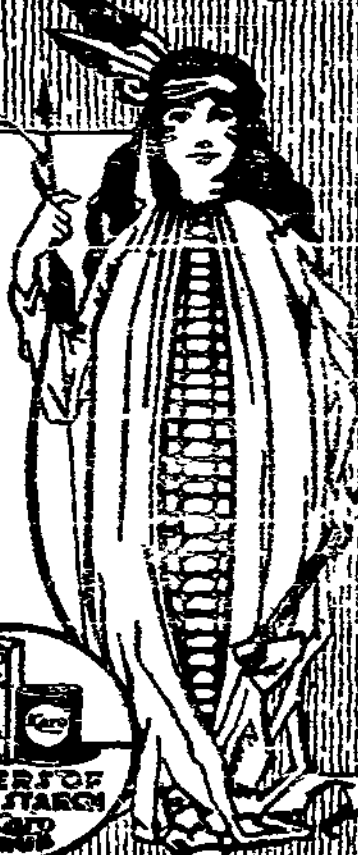

Unusual Economy

Equal to Butter for cooking—Better than Olive Oil for salads, at half the price of either. Better, more Wholesome and Economical than lard or compounds. Use one-fourth to one-third less Mazola for shortening than butter or lard. In frying, use Mazola over and over again to the last drop—it never absorbs odors or flavors.

FREE Wonderful Cook Book. Write today for it.

A Warm Discussion

"I would not think of wearing regular weight clothes in the summer any more."

"But how can a man look neat and dress in those featherweight clothes?" Buy

High Art Clothes

In genuine Palm Beach or Cool Krash at Berryman's. I started last year and found they keep their shape splendidly and as for comfort — well, they are cheap enough for you to try them and see if you don't buy me a good cigar out of appreciation. You can rub 'em, tub 'em, they come up smiling."

One of our customers described the above dialogue to us yesterday. He bought another Palm Beach Suit, need we say more?

Palm Beach \$12.00 to \$17.50
Mohair . . \$13.50 to \$18.00

An Opportunity To Own A New Standard High Grade Player Piano

I represent one of the largest manufacturers of Pianos and Player Pianos in the world, and they have authorized me to place five of our Beautiful 1919 Model Sample Player Pianos in Charleroi with five well known families.

Now here is the Proposition. I want to hear from five families in Charleroi who are really interested in Music in the Home, that desire a Player Piano. To those I accept I will offer our confidential Wholesale Factory Price, on a Player Piano that is standard the world over. After arrangements have been completed I will then explain our factory plan, which not only assists you in paying for the Player Piano, but will increase your income, without any effort or time on your part. Write me at once.

FRED DRAKE, Agency Manager, Wholesale Dept.
539 WOOD ST. PITTSBURGH, PA.

TALK OF COLE FOR GOVERNOR OF OHIO

Friends here of former Congressman Ralph D. Cole, who gave the Elks' Memorial address for the Charleroi Lodge some eight or ten years ago, will be pleased to know that after attaining the rank of lieutenant colonel in the American army in Europe, he returned to this country safely and is now about the most talked of man for the Republican candidate for Governor of Ohio.

It was at the request of former Governor John K. Tener that Mr. Cole spoke both at Charleroi and Monessen when the two men were colleagues in Congress. Mr. Cole's home town is Findlay, Ohio, but he is associated with one of the largest law firms in Columbus.

HEAVY STORM ON CHARTIERS CREEK

A heavy storm visited the Canonsburg section Monday night, interfering with street car traffic and flooding the streets of Canonsburg. About 500 people who were listening to a Chautauqua entertainment became alarmed when the high wind threatened to tear the big top down and left for home in the storm. Charters creek overflowed its banks and some damage was done to growing crops.

Strange thing about the Mexicans is, that they do all their "scrapping" close to the border. Possibly because they are sure of an interested audience.

ANNOUNCEMENT

Dr. M. D. Greenfield Chiropractor

wishes to announce to the people of Charleroi, that having returned from France, where he has been since May 30, 1918, with the American Expeditionary forces and having been honorably discharged from the U. S. Army, is again resuming practice in rooms 210-212 Might Building, where he was formerly located prior to his induction into the U. S. Army. Dr. Weddell who has been conducting the offices of Dr. Greenfield in the latter's absence is leaving Charleroi for Pittsburgh where he expects to open offices in the very near future. All patients of Dr. Weddell's will be taken care of at these offices as all arrangements have been made for same.

One of the Interesting Exhibits Shown at
the Methodist Centenary Celebration

TO prove that his soul is above worldly troubles and physical pain, this Hindu fakir nonchalantly reclines on a bed of spikes, much to the amazement of less spiritual observers. The bed of spikes will be one of the interesting exhibits shown at the Methodist Centenary Celebration, in Columbus, O., June 20 to July 13. Whether a fakir, Hindu or otherwise, can be found to demonstrate his power of endurance on it is still an unsettled question with celebration officials.

To Play Great Organ at
the Methodist Centenary

MRS. MONTGOMERY LYNCH of Seattle will play the great \$50,000 organ in the presentation of "The Wayfarer," the magnificent pageant of the Methodist Centenary Celebration, in Columbus, O., June 20 to July 13. Montgomery Lynch, her husband, will direct the chorus of 1,000 voices, which is a part of the pageant.

REDUCED FARE
ADDS INTEREST

Visitors to Methodist Centenary
to Be Well Cared For.

REGISTRATIONS ON INCREASE

Housing Committee of the Celebration Have More Than Forty Thousand Rooms in Private Homes at Their Disposal, Where Those Who Attend Can Be Lodged as Conveniently as at a Hotel.

Announcement by the government that a special low rate of one and a third fares for the round trip has been authorized for the celebration, Columbus, O., June 20 to July 13, has tremendously increased the interest in that event and advanced manifold the inquiries and registrations coming from all parts of the United States. At headquarters the other day a single mail brought cash registrations from 14 separate states and South America.

The low rate has increased work for the special committees, which are responsible for housing the large influx of visitors now seen to be certain. Accommodations fall into three classes:

First, the hotels, which have an average daily capacity of 5,000 visitors.

The second field of accommodation will be in public buildings, which have been specially fitted up for this sort of service for the celebration. These include the State School for the Blind, the State School for the Deaf, the large barracks, which were provided at Ohio State university for the student army training corps, and other buildings of a similar nature held in reserve should the throng exceed even present generous expectations.

The third line of convenience for the hospitality of Columbus is in the homes of the citizens themselves. More than 40,000 rooms have been listed with the housing committee, and these are card indexed by location, telephone number and best means of access. Visitors to the celebration can be lodged as conveniently as a clerk at a hotel assigns a visitor to his room. In order that there might be no misunderstanding, the committee in charge has a uniform rate for accommodations in private dwellings. The charge will be

\$1 per day for a single person in a room and \$1.50 per day for two persons in a room.

Always generously provided with restaurants, Columbus at the present time is having its number largely reinforced by reason of many places being turned into restaurants which were occupied as cafes before May 24, when the state became dry. In addition to these, extraordinary facilities for feeding large numbers quickly are being installed in the exposition grounds.

MONSTER SCREEN AT
METHODIST CENTENARY

Special Lantern Devised For
Throwing Pictures.

Finishing details are being placed on the arrangements for the erection of the largest screen for the projection of pictures ever built in the world. This is to be one of the features of the Methodist Centenary Celebration, to be held in Columbus, June 20 to July 13.

This monster screen will have a surface for pictures 115x115 feet. The actual structure will be several feet larger in each direction. A special lantern has been successfully devised for throwing these tremendous pictures the necessary distance. The screen will be 250 feet from the nearest spectator and will be built to withstand 40 pounds pressure to the square foot. The lantern which will project these pictures has already successfully thrown pictures on a screen in New York City across a distance of four and a half city blocks. According to Architect Harry C. Holbrook, the screen will be, in effect, three sides of a house. It is necessary to give it the foundations equivalent to a four-story building.

In order that there may be as much salvage as possible after the screen has served its purpose, the picture face will be of fitted lumber, which later will be treated with a white surface preparation.

The estimated cost of this screen will be \$8,000. The screen and the lantern will be used in showing the tens of thousands of views, made all over the world by the Methodist Missionary Survey, which has the finest collection of pictorial reviews anywhere in the world.

Columbia Professor in Charge of
Exhibits at Methodist Centenary

PROFESSOR LA MONT A. WARNER of Columbia university is director of fine arts and designer of exhibits and scenery for the Methodist Centenary Celebration, in Columbus, O., June 20 to July 13. On plans which he laid down, the multitude of exhibits, domestic and foreign, have been arranged in the buildings in scenic effects, making them at once appropriate and effective.

Professor Warner had charge of world exhibits held in Boston, Chicago, Baltimore and Providence in past years, and has studied and worked abroad.

HER IDEA VERY MUCH WRONG

Hired Girl Made Trouble by Sticking to the Precept, "Better Late Than Never."

Commander John G. Towers, who is in charge of the navy's transatlantic flight plans, said at a New York banquet:

"The better late than never method doesn't go in aviation any better than it went in the Jones case."

"Jones was a drummer and his wife during one of his trips gave birth to a son and seemed in a pretty bad way in consequence, so a telegram to that effect was given to the hired girl for dispatch to Jones, but the girl put it in her apron pocket and forgot all about it."

"Well, by luck, the next day Jones came home. His wife was then much better. He saw his son and departed again well pleased."

"A couple of weeks passed when the hired girl found the forgotten telegram in her pocket and in a panic sent it off to Jones, saying nothing to anybody about her remissness. And that is how it came about that Jones was horrified at dinner at his hotel that evening to get a wire which said:

"Another addition, a son; your wife very ill; return at once."

"Another?" poor Jones groaned. "Impossible!" Then he added, "What a terrible thing! Her condition must indeed be very grave."

"He took the express and got home the next morning in a state of frenzy. The hired girl confessed all."

"I thought it was better to send the telegram late than never, Mr. Jones," she said.

ASIA GREAT DANGER POINT

Is Today, and Has Been for All Time, the Home of Plague and Pestilence.

Asia is the home of plague and many other pests. The facilities for travel have brought Asia and our Pacific coast together, while the possession of the Philippines has multiplied the occasions for intercourse with the far east. Thus, says the Journal of the American Medical Association, the diseases of Asia threaten the lives and health of the American population, and the situation has been aggravated by the conditions of war. With the unvarying persistence of bubonic plague in Asia, it seems timely to lay further stress on these points.

The obstacles in the way of successfully grappling with the plague problem in Asia are almost insurmountable. The natives object to wholesale inoculation and rat destruction; hence the only effective mode of procedure is most difficult to carry out. Religious scruples against the slaughter of animals, even vermin, are prevalent throughout India. Consequently it may be taken for granted that plague will continue to persist in Asia, and as it is extremely virulent in the two great ports of that continent, Hong Kong and Bombay, it is not an impossibility that it will be conveyed thence to American ports on the Pacific coast. While there is no doubt that our health authorities are awake to the danger, it is well to know that the danger exists in Asia.

Literary Rocks. Theodore Dreiser is a novelist of repute, but his novels are apt to be very long—700 or 800 pages in fact. "There are sermons in stones," Mr. Dreiser said at a Greenwich village tea; whereupon a young lady sculptor interrupted him:

"Yes, that is very true," she said, "but you ought to remember that the precious stones are all small, and that they require a lot of cutting."

EVERYBODY INVITED

WORSE THAN DEADLY POISON GAS

Kidney disease is no respecter of persons. It attacks young and old alike. In most cases the victim is warned of the approaching danger. Nature fights back. Headache, indigestion, insomnia, lame back, lumbago, sciatica, rheumatism, pain in the loins and lower abdomen, difficulty in urinating, all are indications of trouble brewing in your kidneys.

When such symptoms appear you will almost certainly find quick relief in GOLD MEDAL Haasem Oil Capsules.

This famous old remedy has stood the test for two hundred years in helping mankind to fight off disease.

It is imported direct from the home laboratories in Holland, where it has helped to develop the Dutch into one of the sturdiest and healthiest races in the world, and it may be had at almost every drug store. Your money promptly refunded if it does not relieve you. Be sure to get the genuine GOLD MEDAL Brand. In sealed packages, three sizes.

Thousands Exterminated Tape-Worms With Head

Thousands are suffering from tape-worm, but are treated for some other disease without getting any result.

A SURE SIGN of the presence of these parasites is Passage of round, longitudinal or pumpkin-seedlike particles or other worms.

Suggestive signs are: Pale, bloated appearance, dark rings under the eyes, emaciation, continuous spitting, coated tongue, loss of appetite, with occasional greenness, indigestion after taking certain food, as: Herring, Onions, Vinegar etc., even spells of fainting with an empty stomach, appearing indolent, raising of obstruction in the throat, sour stomach, heartburn, pain in stomach, head-ache, humming in ears, with feeling of having a heavy moving mass in the body cutting pains in intestines, rumbling and wave-like movements, palpitation of the heart, exhaustion, heaviness in limbs, sediment in urine, etc.

In addition thereto, may exist sympathetic disturbances which sometimes assume a grave character, hemorrhages, menstrual irregularities, hysterical fits, choreic convulsions and even epileptic attacks.

MY METHOD EXPELLS THE TAPE-WORM

within one to four hours, without danger, painlessly, no fasting, no detention from home or work.

Goodrich's More Mileage Proclamation

Be it known to every automobile owner and driver in the United States—that Goodrich Safety Treads stand ready to deliver 6,000 miles, and Silver-town Cords 8,000, under proper usage.

That is, every SAFETY TREAD in use, and in a Goodrich Dealer's store, is underwritten to be adjusted at 6,000 miles—and every SILVERTOWN CORD at 8,000 miles.

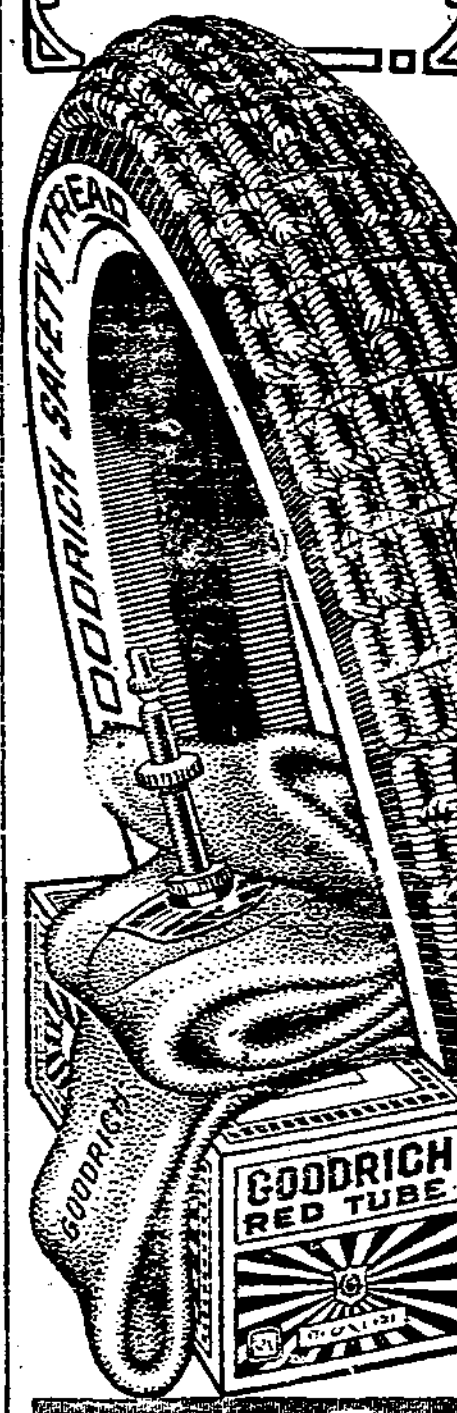

That new adjustment is based upon what Goodrich knows its tires will do, and Goodrich knows from miles and miles of road-testing that Goodrich Tires are the strongest, the best, the rubber industry has produced.

They are so good that Goodrich increases its adjustment mileage to show its patrons they cannot afford not to share in their matchless service and security.

CHARLEROI PLEASED BY QUICK RESULTS

Everyone is pleased with the quick results of simple witchhazel, camphor, hydrastis, etc., as mixed in Lavoptik eye wash. One man's eyes were so badly strained he could not read without pain. Two applications relieved him. A lady with weak, inflamed eyes was greatly helped by ONE bottle. We guarantee a small bottle of Lavoptik to help ANY CASE weak, strained or inflamed eyes. Hennings' Drug Store, corner 5th and McKean Aves.

The drouth is drawing closer and closer. After today but eighteen more days remain until the long dry spell begins.

Hunches and Omens.

With a great many people, the hunch needs no excuse. It has proved itself, notes an exchange. Such persons are not necessarily superstitious, although the following of hunches and belief in omens usually go together. Once a person has been saved from a mistake or bodily harm by changing plans in obedience to a hunch he cannot be prevented from expecting such warning ever after. He may walk under a ladder or look at the moon over which shoulder it is that's wrong without thinking of the consequences, but if he has a hunch to cross the street suddenly you can bet he will do so and nothing can stop him. The mere fact that no chimney topples to the ground in the spot he would have passed had he not crossed does not undermine his faith. He knows there was some good reason.

A WORKING GIRL'S LIFE

Day in and day out, month after month, she toils. Often she is the breadwinner of the family and must work that others may live. Rain or shine, warm or cold, she must be at her place of employment on time. A great majority of such girls are on their feet from morning until night, and symptoms of female troubles are early manifested by weak and aching backs, dragging down pains, headaches and nervousness. Such girls are asked to try that most successful of all remedies for woman's ills Lydia E. Pinkham's Vegetable Compound, which for more than forty years has been giving girls strength to do their work.

PRINCE ALBERT

the national pipe smoke
